Multan, Pakistan | +92-319-1147550 | [tahaishaq7346@gmail.com](mailto:tahaishaq7346@gmail.com) | [myport-henna-nine.vercel.app](https://myport-henna-nine.vercel.app)

## SUMMARY

An enthusiastic MERN Stack Developer with intermediate experience in designing and developing secure, scalable, and high-performing applications. Skilled in MongoDB, Express, React, and Node.js, with hands-on expertise in Firebase, GraphQL, and deployment pipelines. Known for excelling in collaborative team environments, delivering optimized solutions, and adhering to clean architecture principles. Eager to contribute innovative solutions in dynamic development teams.

## KEY SKILLS

- **MERN STACK APPLICATION:** Proficient in full-stack development with MongoDB, Express, React, and Node.js.
- **BACKEND DEVELOPMENT:** Expertise in building APIs, database management, and scalable solutions.
- **FIREBASE:** Skilled in real-time database management, authentication, and cloud functions.
- **VERCEL:** Experienced in deployment and optimization on Vercel for seamless integration.
- **CI/CD GITHUB:** Familiar with continuous integration and deployment using GitHub workflows.
- **Performance Optimization:** Specialized in memory management and efficient rendering.
- **SECURE APKS:** Implementing cybersecurity practices to deliver secure applications.
- **Version Control:** Git, GitHub for efficient collaboration and code management.
- **MATERIAL UI:** Designing and implementing modern user interfaces with Material-UI.
- **GRAPHQL:** Creating efficient APIs for enhanced data interaction.
- **MongoDB:** Complex database queries and schema design for optimal performance.
- **NEXT.JS:** Leveraging server-side rendering for better performance and SEO.
